portland greenmap is an all-volunteer effort to map the environmental and social resources in the city. We are a member of the International Greenmap System (GMS) which has provided the tools and inspiration for 100's of Greenmaps worldwide using these icons. For more information on the Green Map System:

www.greenmap.org

This map is just a few of the great sites in Portland that will be mapped. For more places, information, or to get involved with Portland Greenmap:

www.portlandgreenmap.org
